HIGH SCHOOL (UP BOARD)

A. R. Inter College, Kanpur Nagar | 2013| Percentage: 75.5%

TECHNICAL SKILLS

Language:	JAVA,C++
Frontend:	HTML, CSS, JavaScript
Backend:	JAVA(Servlet, JDBC), MySQL
Tools:	VS Code, Git,GitHub, Eclipse, IntelliJ
Core Subject:	Data Structure(DSA), DBMS

SOFT SKILLS

- Problem Solving
 - Adaptability
 - Critical Thinking
-

PROJECTS

● Library Management System

Team Size: 2 | Tech Stack: JSP, Servlets, MySQL, JDBC, Bootstrap

The Library Management System is a dynamic web application built using JSP, Servlets, JDBC, and MySQL to efficiently manage books, issue/return records, fines, and student data. Designed with a user-friendly and responsive interface for smooth library operations.

Tools & Technology: JSP, Servlet, JDBC, MySQL, Bootstrap, Bcrypt.js

Key Features: Login/Signup (Librarian), Manage Books & Students, Search, Excel/CSV Import, PDF Export, Responsive UI

● Banking Management System

Team Size: 2 | Tech Stack: JSP, Servlets, MySQL, JDBC, Bootstrap

The Banking Management System is a dynamic web application built using JSP, Servlets, JDBC, and MySQL to efficiently account creation, deposits, withdrawals, and transaction statements. Designed with a responsive and intuitive interface for efficient banking management.

Tools & Technology: JSP, Servlet, JDBC, MySQL, Bootstrap, Bcrypt.js

Key Features: Login/ Signup (Bank Employee), Open New Account, Deposit Money, Withdraw Money, Transaction History, Show Customer Details, Print Option in the form of PDF, Responsive UI.

CERTIFICATIONS

National Craft Instructor Certificate Course (2019-2020)

- Aggregate: 637/900
- Completed a comprehensive course in Computer Software Application Trade. This certificate course is conducted by the Director General of Training Government of India from National Skill Training Institute, Mumbai.

Database Management System (NPTEL)

- Aggregate: 56/100
- Completed a comprehensive course in Database Management System with the focus on practical in Database and MySQL. This certificate is conducted by IIT Kharagpur through NPTEL.

Programming In JAVA (NPTEL)

- Aggregate: 64/100
- Completed a comprehensive course in programming in JAVA with the focus on practical.. This certificate is conducted by IIT Kharagpur through NPTEL.

Data Structure Algorithm using JAVA (NPTEL)

- Aggregate: 61/100
 - Completed a comprehensive course in Data Structure and Algorithms and OOPs Concepts using JAVA with the focus on practical.. This certificate is conducted by IIT Kharagpur through NPTEL.
-

ACHIEVEMENTS

- Won Bronze Medal in “Tech Present” Competition organized under Cultural Fest “Exuberance” in college.
 - Won Silver Medal in Tec Expo Competition organized under Cultural Fest “Exuberance” in college.
-

CO-CURRICULAR ACTIVITIES

- Participate in “Battle with Bytes” C Programming Competition.
 - Participate in “Web Rachaita” Website Making Competition.
 - Participate in “IDEATE” Hackathon Competition.
-

SEMINAR/ TRAINING

Apprenticeship Training Scheme (DGT)(2018-2019)

- Aggregate: 395/520
- Completed a comprehensive one year training (09-JAN-2018 to 08-JAN-2019) as a computer operator and learned the industry culture, time management, task completion as the given time. This training is conducted by Hindustan Petroleum Corporation (HPCL) through the Directorate General of Training under the Ministry of Skill development and Entrepreneurship.

Frontend Web Development (Lakshya IT Solution)

- Completed a comprehensive course in frontend web development using HTML , CSS, JavaScript and Bootstrap with the focus on practical.. This certificate is conducted by Lakshya IT Solution through Allenhouse Business School.
